

SYNCO~~P~~ATION

Duet 2017

INSPIRATION:

A solo instrument or a single sultry voice can make beautiful music. But add the depth and layer of a harmony, a descant or a counter melody and you will have something quite spectacular! That is exactly what we did with Duet Rosé by Syncopation. We've blended the Chambourcin grape with a cadence of Norton to create richness, depth and brightness. A melodious duet can enrich any song, let Duet Rosé enrich your meal.

TASTING NOTES:

Not a bashful Rosé, Duet has luscious blue fruit notes, and spice on the finish. Perfect with grilled salmon or pork. Chill and enjoy with an assortment of cheeses.
